## Wharf Tolls to be Considered By Maui Chamber

**Tentative Schedule For Territorial Charges Is Submitted For Consideration by Harbor Board.**

Proposed wharfage tolls for the islands will be considered by the Maui Chamber of Commerce at its meeting Thursday afternoon. A letter submitting a tentative schedule which has been prepared by the Harbor Board was received from Lyman H. Bigelow, chairman of the board, by Secretary D. H. Case of the Chamber at the end of last week.

Hitherto the territory has received not one penny on the vast volume of business passing across its wharves. Its income has been confined to port charges and pilot fees, which yielded sums insufficient to pay interest on the bonds, from the sale of which the piers and wharves were built. In short, the millions expended by the board of harbor commissioners, while contributing to the prosperity of the territory and thus indirectly to the upkeep of the government, were a source of additional outlay instead of an investment for revenue. When Congress passed the rehabilitation act it empowered the Territory to levy tolls.

Senator Rice, during the last session of the legislature suggested the holding up of wharf building programs until such time as the territory might secure a revenue from such wharves.

Tolls are divided into three classes: (1) incoming freight, to include all shipments to an island port from any port outside of the Hawaiian Islands, (2) outgoing freight, to include all freight shipped from any island port to any port outside the Hawaiian Islands, and (3) intra-island freight to include all freight shipped from one island port to any other island port. The tentative schedule of charges follows:

Incoming Freight (Foreign)	
Rates of Toll	Rates in Cents
General merchandise, per ton	20
Explosives, per ton	100
Lumber and Lumber Products:	
Lumber per 1000 ft. bd. measure	30
Shingles, per bundle	21
Laths, per bundle	01
Fence posts, each	005
Ties, per 1000 ft. bd. measure	30
Piles, up to 20 ft. in length, each	05
Piles, 20 ft. to 50 ft. each	075
Piles, 50 ft. and over	10

Livestock:	
Cattle, horses, mules, per head	50
Cattle, calves (under yr. old), head	25
Hogs, per head	10
Sheep, per head	05
Pigs (50 lbs. and under) per head	05
Goats and dogs	10
Chickens, per ton, crate measure	20
Dressed animals, per ton	20

Automobiles (which leave wharf on own wheels)	
2000 lbs. and under, each	50
2000 lbs. to 3000 lbs., each	75
3000 lbs. and over, each	100
Automobiles, (crated, or which do not leave wharf on own wheels)	
Per ton	20

Outgoing Freight (Foreign)	
Sugar, per ton	15
Coffee, per ton	15
Pineapples, per ton	15
Bananas, per ton (20 bun. to ton)	15
Gen. merchandise, per ton (everything not listed above)	20

Inter and Intra-Island Freight	
For use of each wharf	
Gen. merchandise, per ton	10
Explosives, per ton	50
Lumber and Lumber Products:	
Lumber, per 1000 ft. bd. measure	15
Shingles, per bundle	005
Laths, per bundle	005
Fence posts, each	0025
Ties, per 1000 ft. bd. measure	15
Piles, up to 20 ft. in length, each	025
Piles, 20 ft. to 50 ft. each	04
Piles, 50 ft. and over	05
Firewood, per cord	15
Fresh fish, per ton	40

Livestock:	
Cattle, horses, mules, per head	25
Cattle, calves (under yr. old) head	125
Hogs, per head	05
Sheep, per head	025
Pigs (50 lbs. and under) per head	025
Goats and dogs	05
Chickens, per ton, crate measure	10
Dressed animals, per ton	10

Automobiles: (which leave wharf on own wheels):	
2000 lbs. and under, each	25
2000 lbs. to 3000 lbs., each	375
3000 lbs. and over, each	50
Automobiles: (crated or which do not leave wharf on own wheels):	
Per ton	10

Minimum Packages:

50 lbs. and under, each	025
50 lbs. to 1000 lbs., each	05
1000 lbs. and over, each	10

Note: Rates apply per ton of 2000 pounds weight, or 40 cubic feet measurement, whichever basis creates the greater revenue.

## Tax Revision Bill Is Passed by Senate With Many Changes

(ASSOCIATED PRESS)

WASHINGTON, Nov. 8.—Much revised as to form and provisions from the shape in which it was adopted by the house of representatives, the Tax Revision Bill was passed by the Senate this morning at 1:35 o'clock. The vote on final passage was 28 to 24. Only one democrat, Broussard, voted for the measure and three republicans, LaFollette, Moses and Norris, recorded their votes again it.

It is estimated that the bill will yield a revenue of three and quarter billion dollars for the fiscal year, \$200,000,000 less than the present law. If all the changes contained in it shall become effective the measure will ultimately work a reduction of \$750,000,000.

The measure will go back to the house and it is expected conference committees will be appointed at once.

In the night session that preceded final passage of the bill, the senate agreed to an amendment taxing gifts at rates ranging from one percent on those of \$20,000 or less up to 25 percent on \$10,000,000, to prevent a division of property in the life of the donor in order to escape the provisions of the inheritance tax. It struck out provisions permitting holding companies to deduct from its corporation taxes sums that may have been paid in taxes by the subsidiary stock companies. It adopted an amendment making corporation stock taxes the same as under the present law, one dollar on each thousand dollars of capital stock above \$5000 and defeated another effort to continue excess profits taxes beyond the sum agreed upon. It agreed to LaFollette's amendment making tax returns public and defeated three efforts to change corporation income taxes from the 15 percent previously agreed upon.

## Lahaina Takes Lead In Plans to Observe Signing of Armistice

Armistice Day will be observed in Lahaina with a community program, the day being selected since on Maui there will not be a plantation holiday on Friday though places of business are expected generally to close, flags are to be at half staff, it is hoped and asked that here will be observed the two minutes of silent prayer at noon and the President has asked that church bells shall ring from 11:45 to noon, their cessation being the signal for silent prayer and reverence to those who gave up their lives or their health in the great war.

Saturday evening, the American Legion will hold an Armistice ball in the Territorial Building at Kahului. It is an All-Maui observance of the anniversary of the ending of the war for it is open to the whole public and is entirely without cost to those who may see fit to enjoy the hospitality the legion offers on that occasion.

In Lahaina, the National Guard, the churches, the schools, Boy Scouts and Girl Scouts and citizens generally will unite in the Sunday ceremonies. The armory is to be the meeting place and from there a procession will form and move to the banyan tree back of the court house. Chairman S. E. Kalamas has been asked to preside at the meeting. "Pop" Hutton, Boy Scouts' commissioner, has consented to sing and Rev. J. O. Warner of Honolulu will be the chief speaker of the occasion.

At Kahului Saturday night there will be good dance music and it is expected the ball will be the most largely attended affair ever held in the building.

## Foreign Debt Interest Too Uncertain for Bonus Basis

(ASSOCIATED PRESS)

WASHINGTON, Nov. 7.—Senator Lodge speaking before the senate opposed the immediate payment of the soldiers' bonus from interest on the foreign debts and said in part, "Whenever we pay the bonus, as we undoubtedly shall, I shall want it to be a real payment. No one knows when we shall begin to get the foreign credit interest and we certainly are not going to use force to collect it."

## WANTS LEAGUE ACTION

(ASSOCIATED PRESS)

GENEVA, Nov. 8.—Lloyd George has telegraphed suggesting the immediate calling together of the council of the league of nations to consider the reported advance of Yugoslavia into Albania.

Messages from Rome to London say there has been sharp fighting with communists at Fascisti wherein most of the combatants were wounded and near Novi in Northwestern Italy.

## ARBuckle TRIAL POSTPONED

(ASSOCIATED PRESS)

SAN FRANCISCO, Nov. 7.—The trial of Roscoe "Fatty" Arbuckle when called before the court this morning was postponed for one week to November 14.

## Bandit Gang Loots Train But Leaves Valuables Behind

(ASSOCIATED PRESS)

PAXTON, Ill., Nov. 8.—Fully ten bandits participated last night in one of the most daring train holdups ever reported in this vicinity. As a result one passenger and five train hands were injured.

Three of the bandits took charge of the locomotive while others assisted in bombing and dynamiting the safe containing the mail and express matter or protecting those who were doing the looting in the car. They took their time about it and the robbery consumed an hour.

Two of the mail clerks were shot as were a porter, the fireman and a passenger, the porter being seriously wounded. A third mail clerk was beaten over the head with a revolver.

A mail pouch containing \$100,000, believed to have been the object sought by the bandits was found beside the train after they had left, evidently overlooked by them on their departure.

Posses of hundreds of men have organized this morning and are hunting the country for the bandits. Before leaving the train the robbers set fire to the mail car burning all mail except what they carried off and the pouch left by the car.

## Assurances For Her Security All France Wants From World

(ASSOCIATED PRESS)

WASHINGTON, Nov. 7.—France has no objections to naval armament limitations for she is far behind the other nations in that respect and will gladly reduce land armaments if she has the assurance of other nations against future aggression from Germany and assistance in securing promised reparations, was the assurance of Premier Aristide Briand of France on the arrival here of the French delegation.

Premier Aristide Briand, Rene Vivanti, former premier of France, and Senator Albert Sarraut, the republic's chief delegates to the conferences which open here this week, arrived today and departed for Washington immediately.

Premier Briand said that France was ready to join in every endeavor to avert a new war, provided she has nothing to fear for her own security. "As soon as President Harding sent out his noble appeal, France answered 'present,' and here I am to demonstrate the earnest good will of France by every means in my power," Premier Briand said.

Policies Outlined  
Premier Briand outlined France's general policies at the coming conferences as follows:

First—Obligations to the league of nations does not prevent France from considering the limitation of armaments and other questions which the league of nations considers are within its jurisdiction.

Second—The French policy is identical with that of America for equal commercial opportunities in China.

Third—Naval restrictions present no difficulties to France because her navy already is below any formula likely to be adopted by the conference.

Fourth—France is interested mainly in land armaments. The strength of these and France's ability to pay the debt she owes to America depend on Germany and the German reparation payments.

Work on Agenda  
The American delegation to the conferences which open Saturday held a session today at which it is believed that the delegation's naval limitation formula was completed.

It was stated authoritatively that no outline of the American suggestions for reductions of armaments would be given out to the other delegations before the meeting of the conference.

The Holland delegation to the armament conference, headed by Jonkheer van Karnebeek, foreign minister of the Netherlands, arrived in Washington today. The delegates were received by Secretary of State Hughes.

The governing board of the general committee to organize the conference met today and elected Oscar Strauss, former ambassador to Turkey, its chairman.

## Border Booze Smugglers Must Watch Out Closely

(ASSOCIATED PRESS)

WASHINGTON, Nov. 8.—It is announced here that a "gentlemen's agreement" has been reached between prohibition enforcement officers of this country and Canadian officers designed to reduce the smuggling of illicit liquor across the international line.

## APPLICATION DENIED

(ASSOCIATED PRESS)

LOS ANGELES, Nov. 8.—The court denies the application to have an investigation of Burgh's sanity before he is placed on trial. His attorneys announce that his defense will be a plea of insanity.

## Thrown From Auto Manuel Rocha Dies

**Accident on Outskirts of Lahaina Ends Fatally for Well Known and Popular Traveling Salesman.**

Manuel Rocha, one of the best known commercial travelers visiting Maui from Honolulu, died in Lahaina hospital at 11:55 o'clock on Friday night of injuries sustained in an automobile accident earlier in the evening. His body was sent to Honolulu on the Claudine Saturday night. The injuries consisted of a crushed and fractured skull.

Rocha, as do many other traveling men, had been making his headquarters at Wailuku and had gone to Lahaina Friday to close up his business on that side of the island. He engaged a Ford car from Domingo Coelho and Eddie Aki was the driver. Rocha finished his work in Lahaina and started for home about six o'clock.

Dodges Other Vehicles

As the car approached the Choy place, Aki says, he saw an automobile parked on one side of the road and a vegetable cart was pushed out from behind it. He applied his brakes and the car swerved into a tree and then over the low bank at the side of the road and turned over. Rocha was thrown out. Aki found himself under the car and crawled from beneath it, partially raising it to extricate himself. He found Rocha unconscious but breathing, his skull crushed in at the back and, investigation at the hospital later showed, fractured at the base as well. The mail stage coming along took Rocha to Lahaina hospital. Aki escaped any serious injury.

On the arrival of medical aid it was evident that nothing could be done to save the life of the injured man. He never recovered consciousness after the accident. Word of the accident was sent to Wailuku and H. M. McKenzie, another salesman of Davies & Company secured Louis Distel's car and went to Lahaina and did all that was possible. The wireless operator was found, it being out of hours for the wireless service, and messages were sent to Mrs. Rocha, L. M. Judd and others in Honolulu. Mrs. Rocha and a representative of Davies & Co. caught the Wilhelmina and arrived at Kahului Saturday morning. They and M. G. Paschoal, representing the Foresters of which order Rocha was a member, accompanied the body to Honolulu. While in Maui Mrs. Rocha was a guest in the home of Mr. and Mrs. J. Garcia.

Foresters Honor Brother

Saturday afternoon the body of Rocha was brought to Kahului and placed in Foresters' Hall, the casket covered with floral offerings. About six o'clock fully a hundred members of the order proceeded with the casket, acting as escort, to the steamer. Manuel Rocha had been with Theo. H. Davies & Co. for more than 10 years and was one of the most valued employees in the sales department by reason of the conscientious and energetic work he did for his firm. He had a large clientele of customers and made them his friends.

Funeral services were held from the Catholic Cathedral in Honolulu Sunday afternoon.

## Pershing Will Not Ride But Will Walk as Other Mourners

(ASSOCIATED PRESS)

WASHINGTON, Nov. 8.—General Pershing has declined to ride at the head of the funeral escort of the body of the unknown soldier to be honored on Friday. Instead, he will march afoot as a mourner, the entire long distance from the capitol to Arlington cemetery.

## GENERAL HAINES DIES

(ASSOCIATED PRESS)

WASHINGTON, Nov. 8.—Maj. Gen. P. C. Haines, retired, died last evening after a brief illness.

## Japan Dependent on Outside Enterprise

(ASSOCIATED PRESS)

WASHINGTON, Nov. 8.—J. Inouye, governor of the Bank of Japan, was interviewed by an Associated Press correspondent before the correspondent left Tokyo with the Japanese delegation to the armament conference. The banker is quoted by the correspondent as saying that Japan as a nation is really unfit to send emigrants abroad.

"It is almost hopeless," he said, "to think of removing our surplus population abroad. There is no raw cotton and wool in our land to keep the spindles and the looms going. There is nothing for the securing of the existence and maintenance of this nation except its economic activity in foreign lands. Naturally Japan chooses Manchuria, Mongolia and China with which she is most intimately related historically and geographically."

"But Japan should not be misunderstood, there is not the faintest shadow of doubt that she has no intention of excluding the trade enterprises of other nations."

## Second Arrest For Killing Hara Made By Tokio Officers

(ASSOCIATED PRESS)

TOKIO, Nov. 8.—The elder statesmen met yesterday and considered the question of a successor to the late Premier Hara but reached no determination.

A second arrest in connection with the assassination of the Premier last Friday evening was made today. The suspect of complicity in a plot to kill the premier is Sigoro Hashimoto, assistant station master at the Otsuka railroad station under whom Ryotchi Nakao, the 19-year old assassin was employed as a switchman. The assassin is a son of an old Samurai family, is regarded as a radical and perhaps as a fanatic.

The young man says he acted alone and had no accomplices. Some of the authorities, however, have expressed the belief that he was merely a tool in the hands of conspirators.

Two youths, said to be students, were arrested today on suspicion of being connected with a conspiracy for the murder of the premier.

Funeral services were held at the late residence of Hara yesterday and today the body lies in state at Selyukai headquarters where it is being viewed by thousands. Tomorrow it will be taken to Morioka where it will be interred on Friday.

## Angus McPhee Made Manager of Raymond Ranch; Takes Charge

Angus McPhee has gone to Ulupalakua to undertake the management of the ranch. This is in accordance with plans heretofore announced by Dr. J. H. Raymond for the incorporation of a company to which the ranch will be transferred in the near future. It is reported that R. B. Rietow will leave the Kahului Store and become storekeeper and postmaster at Ulupalakua but that report could not be confirmed yesterday afternoon for Mr. Rietow was up the mountain.

In announcing his plans for turning over the Raymond Ranch to a company Dr. Raymond said he was anxious to relinquish the management of the property and gave a general outline of the plan under which the trustees for the ranch will hold a majority of the stock in the new company and the public be given a chance to invest in an enterprise which in the past has been highly profitable and grown to its present proportions through the efforts of Dr. Raymond.

As yet the steps that will lead to incorporation have not yet been taken, the exact course that is to be pursued to be determined by the form in which the Federal tax law will finally pass congress but the plan is held in abeyance only temporarily and Dr. Raymond recently said he expected to see it carried out by the first of the year.

Meantime it is evident by McPhee's going up the mountain, other preliminaries are under way.

## Ample Water Supply Flows From Intake Into the Reservoir

No more complaints of a shortage of water either for Wailuku or for Kahului are heard and none are likely in the opinion of A. Garcia, superintendent of the water works system. He considers that there will be an adequate supply for a long time to come.

Connection up of the larger intake to the reservoir was made last week though more of the larger pipe is still to be laid for a connection lower down the valley. Garcia does not expect the later connection to add materially to the supply and does not think it will need so in order to satisfy all demands.

Practically a double supply for the reservoir has resulted from the putting in of the enlarged pipe, Garcia says. The old intake would give only 700,000 gallons a day for the reservoir and to store up enough to last through the day it was necessary to shut down at night for a few hours else there was an inadequate pressure in the mains to the houses of Wailuku. Now, Garcia says, there flows into the reservoir more than 1,200,000 gallons every 24 hours which exceeds the demands of the two towns upon it.

If it shall develop later that the mains are not large enough to carry an adequate supply to both Wailuku and Kahului it will be necessary to enlarge the size of the mains, not to increase the storage capacity, if the views of Garcia as to its adequacy are well founded.

## THIRTY-FIVE DROWN

(ASSOCIATED PRESS)

TOKIO, Nov. 8.—The entire crew of the coast steamer Ryuka Maru, numbering 35, was lost when the vessel was wrecked off the Hokkaido coast.

## Government's Fate Lies With Ulster

**Climax Reached in Irish Negotiation and Lloyd George May Resign If Failure Is Reported Thursday.**

(ASSOCIATED PRESS)

LONDON, Nov. 8.—Everything depends on the conference on the Irish question which is to be held Thursday in the opinion of an authoritative circle. The climax appears to be at hand they say after the long conference which was held yesterday between the Premier and Craig, the representative from Ulster.

It is understood that at yesterday's conference Craig told Lloyd George that he could not consider shouldering the responsibility of accepting the proposals submitted to him for Ulster without consulting with his colleagues and has gone to hold such consultations.

It is said that everything depends on his report to the Thursday conference and that if Ulster shall reject the proposals it is considered quite possible that Lloyd George may resign as Premier. The Sunday newspapers were almost unanimous in saying that storm clouds were looming on the British political horizon from the threatened break in negotiations for the settlement of the Irish question and that escape from the storm depends upon the attitude of Ulster.

It is reported in official circles that Craig told Lloyd George that he considers the proposed basis of settlement imperils the rights of Ulster.

## Fall Elections Held In Various States

(ASSOCIATED PRESS)

NEW YORK, Nov. 8.—Legislative and local contests in municipal and county affairs generally feature the holding of the fall elections throughout the country today.

In this city interest centers in the majority election in which Hyland, the incumbent, and H. S. Curran, republican-coalitionist, are the leading candidates.

Virginia is electing a governor and in Kentucky, New York, New Jersey and Maryland, legislatures are being chosen.

Despatches from Jackson, Kentucky, tell of an election fight at Troublesome Creek, Breathitt County, that state, in which five of the participants were wounded and six killed.

## Ten Years Minimum For Mrs. Southard

(ASSOCIATED PRESS)

TWIN FALLS, Nov. 8.—Mrs. Southard, convicted Friday afternoon of murder in the second degree for having occasioned the death of her former husband, was brought into court this morning and sentence pronounced upon her. She is to serve an indeterminate term of from 10 years to life.

The convicted woman appeared calm and unmoved when called to stand for the pronouncing of the sentence.

## Letters Substantiate Charges by Watson

(ASSOCIATED PRESS)

WASHINGTON, Nov. 7.—In substantiation of his statement regarding the conduct of American officers overseas toward army nurses, Senator Thomas A. Watson, Democrat of Georgia, read to the senate a letter which he said was from a formerly army nurse, whose name he withheld in which she declared:

"American army officers made courtesans of the nurses whenever possible, and nurses who resisted them were subjected to personal indignities."

Senator Watson presented in evidence additional letters and telegrams supporting his charges that American soldiers had been illegally hanged, without trial.

Among them, he read a letter from George Carborough of Georgia, who wrote that he had served in the 605th Engineers overseas, that Senator Watson's charges were true and that he, Carborough, was prepared to testify to that effect.
